8b.* IP Address.....:

9. SECONDARY SERVER: HOSTNAME, NETADDRESS

9a.* Hostname.....: ns2.eganet.go.tz

9b.* IP Address.....:

DISCLAIMER

By the registration of your name on the Internet (under dot tz ccTLD), eGA accepts in good faith that you have the right to the use the name.

Our function in registering names on the Internet under go.tz TLD space is to assure that the name does not conflict with any other name in the name space requested.

The user by your registration and use of the name and/or your continued use of an existing name, agrees, as part of your request for name registration, to indemnify and hold harmless from any and all costs, fees, expenses arising from litigation involving trademark, trade name, service mark, and any other name infringements, or other reasons.

The party requesting registration of this name certifies that to her/his knowledge, the use of this name does not violate trademark or other statutes.

Registering a domain name does not confer any legal rights to that name and any disputes between parties over the rights to use a particular name are to be settled between the contending parties using normal legal methods (See RFC 1591).

REGISTERING A NEW dot GO.TZ DOMAIN NAME

Note that all starred (*) fields are mandatory. However we request the new Registrants to fill all the fields. Fields clarifications are detailed below:

1. REGISTRATION TYPE: NEW, MODIFICATION, or DELETION. **N**
2. THE NAME OF THE DOMAIN. **www.ngorongorodc.go.tz**
3. THE NAME OF THE ENTITY REPRESENTED: **ORGANIZATION**
4. PLEASE DESCRIBE THE DOMAIN BRIEFLY.
Ngorongoro District is among the seven Local Government Authorities of Arusha region which is situated as far as 424 km from the Regional headquarters in Arusha Town. The district borders are

Monduli district along the East, Shinyanga and Mara Regions along the west, the Republic of Kenya (Narok and Kajiado Districts) along the North, and Karatu and Monduli districts along the South.

5. THE DATE YOU EXPECT THE DOMAIN TO BE FULLY OPERATIONAL.

For every registration, we need both the administrative and the technical contacts of a domain (questions 6 & 7) and we MUST have a network mailbox for each. If you have a NIC handle (a unique NIC database identifier) please enter it. (If you don't know what a NIC handle is leave it blank). Also the title, mailing address, phone number, organization, and network mailbox.

6. THE NAME OF THE ADMINISTRATIVE HEAD OF THE "ORGANIZATION".

John K. Mgalula
District Executive Director
Ngorongoro District Council
P.O.Box 1,
Loliondo
+255787001207 and +255757226612
Kulwa24juma@yahoo.co.uk

7. THE NAME OF THE TECHNICAL AND ZONE CONTACT.

Peter Juma Lehhet
District Information and Communication Technology Officer
Ngorongoro District Council
P.O.Box 1
Loliondo
+255755741738
pejule@hotmail.co.uk

8. PRIMARY SERVER. Complete host name of the primary server as well as the IP address.

9. SECONDARY SERVER. Complete host name of the secondary server as well as the IP address. Domains must provide at least two independent servers that provide the domain service for translating names to addresses for hosts in this domain. Establishing the servers in physically separate locations and on different PSNs and/or networks is required. See RFC2182 for the rationale. This means that the secondary server MUST be in a physical location quite separate from the primary, and that the two MUST be on completely separate international backbone providers. If you wish to have more than one secondary server, merely duplicate section 9.
